Dear Dan:

Reference is made to your Mining Notice (BLM # SJ-91-02) received in this office on April 10, 1991. The notice was for the small test pit excavated in the bottom of Recapture Creek.

The work area approved under Plan of Operations SJ-91-03P includes additional excavation at the site of the test pit. Because an adequate Reclamation Bond has been filed with the Bureau of Land Management to ensure restoration of the site we are administratively closing Mining Notice SJ-91-02.

If you have any questions please contact Ted McDougall of my staff at (801) 587-2141.

Sincerely yours,

Area Manager
